Indicators Used

INDICATOR	DESCRIPTION AND HOW IT WAS CALCULATED
Graduation rate	Graduation rates for 4-year programs are calculated on the number of graduates in 2021-22, divided by the number of students in the 2018 cohort who earned between 29-60 credits. This would qualify them as sophomores.
Graduation rate	Graduation rates for 1 or 2-year programs are calculated on the number of graduates in 2021-22, divided by the number of students in the Fall 2020 and Fall 2021 cohort.
